Vision

To be a sustainable, respected and profitable brand with a global presence that continues to enhance stakeholder value and exceed customer expectations as a preferred supplier.

About Us

The last 70 years has witnessed growth of Lumax Auto Technologies Ltd, part of DK Jain Group; from its inception as a single company to become one of the leading manufacturer of automotive components. With the drive for constant innovation and keeping abreast with the latest trends and technologies, we have been able to retain a strong and satisfied customer base and maintain a Pan-India network of suppliers and vendors.

The Group enjoys a leadership position and close to 80% of the market share for Lightning offering a range of Automotive Lightning Solutions, Incandescent & Halogen Lamps as also Filters (Air, Oil, Fuel), Auto Electrical Parts and Switches, Control Cables, Electric Horns, Rear View Mirrors, Radiators & Condensers for Two/Three wheelers, Four wheelers (Passenger Cars, Utility Vehicles, Trucks, Tractors, Earthmovers).

The Group manufactures and serves its diverse customers through its 10 companies, 27 manufacturing facilities across 7 states in India servicing a customer base in more than 30 countries globally. The 3 R&D facilities and one design center in Taiwan ensure delivery of innovative quality products keeping up with international quality standards.

The Group supports Education and Healthcare as part of its CSR initiatives towards community development. The activities are undertaken in and around the plant locations.
